**FIRST FAMILIES  
OF WINE**

Australia's First Families of Wine is all about the land, its people and some pretty solid Australian beliefs.

We are twelve of Australia's oldest and most respected family owned, multi-generational wineries who collectively have over 1380 years of wine making experience.

We're a small but growing brewery, located in an old petrol station in Wellington. It's an unlikely place for a brewery but our aim in the Garage is to create unique and beautiful beers.

We like pushing boundaries, reinterpreting styles and challenging the notions of what beer can be. We're here to try something new.

Just like you.

**antipodes**

**WATER COMPANY LIMITED**

Antipodes is one of New Zealand's purest waters, naturally high in silica content and untouched from its source, 327 metres under the ground.

Recognised by the United Nations for its environmental initiatives, Antipodes is the first premium water in the world to be carbon neutral to the dining table, anywhere in the world. Conceived for the restaurant Antipodes' subtle minerality hydrates and refreshes, whilst cleansing the palate. Its sole purpose is to support and complement fine dining, here and around the globe. It is presented as still or finely beaded sparkling.

**RIEDEL**

RIEDEL CRYSTAL (established 1756) has been producing glass in the heart of Europe for over 250 years and for 11 generations. RIEDEL is recognized worldwide for designing and producing the highest quality glasses and decanters for the enjoyment of wine and spirits.

At RIEDEL, content commands shape. Having recognized the complex role that size and shape play in conveying the message of a fine wine, Riedel introduced the concept of grape-specific glassware translating and delivering the bouquet, taste, balance and finish of a wine to the senses.
